

The main problem the Armenian community of Iran has to face with has a socio-economic character, but the recognition and condemnation of the Armenian Genocide are the most topical questions.

The Deputy of the Parliament of the Islamic Republic of Iran Karen Khanlaryan stated this at the course of the press conference held on July 3. As reports "Armenpress" the Deputy of the Parliament of the Islamic Republic of Iran Karen Khanlaryan underscored: "The primary issue for the Armenian community of Iran and all the communities of Diaspora remains the issue of the Armenian Genocide."

Among other things the Deputy of the Parliament of the Islamic Republic of Iran Karen Khanlaryan noted that the Armenian community expects from Rouhani to keep the issue of the official recognition of the Armenian Genocide in the centre of his attention.

"That's what we shall demand from Mr. Rouhani," Karen Khanlaryan underscored.
