Armenian international midfielder Henrikh Mkhitaryan said the victory is the most important thing at the moment.

"The victory was hard to get, but getting victory is not an easy thing," Mkhitaryan said after his team's 2-1 win over the Czech Republic. "It is bad that we have suffered losses, but they must recover by the time of next match."

Borussia midfielder noted one must not pay attention to "what the others would say", NEWS.am Sport correspondent reports from Prague.
